Rob,

Yes, what Diane mentioned below is what we discussed with the CAG.

Also, if you need me to provide any further details from what I discussed with Cliff, please let me know.

Stay cool.

No that is not what we said. We said a meeting with CSTAG/NRRB next spring with a proposed plan to follow. We actually said the FS would start as soon as the letter is issued to CPG and yes, be completed by next spring.

Diane & Michael:

Jonathan Jaffe thought heard that the FS would not start until next spring - I wanted to confirm that EPA would like to have the FS complete next spring as previously discussed.

I also spoke to Cliff this morning after your call with him so I am up to date.

Have a good weekend.

Thanks
